WORK EXPERIENCE

Full Stack Developer Fluxbyte Technologies

05/2022 - Present

Ahmedabad, India

Achievements/Tasks

- Developed RESTful APIs in Node.js and Fast API, facilitating seamless communication between the frontend and backend components of the application.
- Integrated third-party APIs, relations, implemented state management in React.js using tools like Redux, ensuring efficient data flow and application scalability.
- Actively participated in daily stand-up meetings, sprint planning, contributing to an agile development environment.

Python Developer Intern Praxware Technologies

12/2021 - 05/2022

Ahmedabad, India

Achievements/Tasks

- During my internship, I acquired proficiency in Python Django, gaining hands-on experience in web development. I focused on building dynamic web applications
- Django's Model-View-Controller architecture, authentication, database management, and RESTful APIs.
- This internship enhanced my skills in backend development and equipped me with practical knowledge in creating scalable web solutions.

EDUCATION

Bachelor of Engineering – BE Gujarat Technological University

05/2018 - 05/2022

Ahmedabad, India

Courses

- Computer Engineering - CGPA: 8.00

SKILLS

JavaScript

Python

Node JS

React JS

Next JS

PERSONAL PROJECTS

YouTube Clone (React.js)

- Developed a responsive YouTube clone with React.js, featuring modular components, seamless API integration, and user authentication. Achieved efficient state management for a polished user experience.

E-commerce Web Project (Django)

- Developed a feature-rich e-commerce platform using Django, incorporating user authentication, product catalog, and a seamless shopping cart experience. Emphasized efficient database modeling, backend logic, and secure payment processing.

Distributor Management System (Node.js)

- Engineered a robust Distributor Management System using Node.js, focusing on real-time data processing, inventory management, and order tracking. Leveraged Node.js for scalable backend operations, efficient API development, and seamless integration with databases. Ensured a responsive and user-friendly interface for streamlined distributor operations.
